It is not taxed. It does get included in your paycheck but no taxes are taken from it. If anyone wants to see the back-up they can stop by my office.

Hi Carol,

I left you a voice mail but I am sending this as well so that you only have to get back to all of us once. It was our understanding that this \$60 fee wasn't going to be taxed on our gross pay but it seems that it has. Can you please look into this and let us know.

Thanks,
Nicole Medina
